

REMARKS

The specification has been amended to include Header information as is more common U.S. practice. The specification now includes an Abstract which is similar to that provided on the published PCT application from which this case claims priority. No new matter has been added.

Claims 1-14 remain in the application and have been amended to eliminate multiple dependency, to use “wherein” as opposed to “characterized in that” as is more common in U.S. practice, and to address antecedent basis issues. Please compute the filing fee based on claims 1-14 as amended.

Please charge any deficiencies in fees and credit any overpayment of fees to Attorney’s Deposit Account No. 50-2041 (Whitham, Curtis & Christofferson)

Respectfully submitted,

Michael E. Whitham
